li_fashionablefoodie Have you guys ever tried chickpea fries? When I first heard about this dish I was on the fence about how it might taste. I couldn't even imagine what the flavor would be! Well I have to tell you that the chickpea fries from @sandbarcsh are beyond delish! They are creamy with an almost light buttery flavor. The fries are served with a Siriracha aioli that dials up the heat and really elevates the dish. More details on the blog. Link in bio
