## Where to Celebrate Cinco de Mayo

Get ready to toast to all things Cinco de Mayo Friday. Commonly (and incorrectly) hailed as a celebration of Mexican independence, Cinco de Mayo actually marks the anniversary of Mexico's victory over Spain in the [Battle of Puebla](#). In Mexico, not many people outside Puebla observe the holiday, but in these parts, expect Cinco de Mayo New York celebrations from Manhattan to Montauk.

This library will be anything but quiet on Cinco de Mayo. The café set in a former library not only has drink specials for margaritas and tequilas, but also a special Mexican menu including black bean soup, empanadas, tacos and burritos. [Go](#)
