BY BRIAN RE PUBLISHED: NOVEMBER 30 2018

Before 2019 arrives, December will be absolutely bursting with seasonal entertainment and holiday-themed events!

Cold temperatures won't stop Long Islanders from having a great time this month!

The arrival of winter may mean some bone-chilling weather here on Long Island, though with a packed events calendar, staying warm certainly won't be a challenge. For those looking to enjoy an afternoon with friends and family, there are a number of Festivals and Fairs this month that have entertainment for all ages. Nearby craft fairs also serve as a great way to finish up that holiday shopping list while supporting local businesses!

Hanukkah kicks off the holiday season this month on December 2nd, ensuring that there are plenty of Menorah Lightings to attend early this month. Christmas Tree Lightings are also planned for all across Long Island, giving Long Islanders the opportunity to share the holiday cheer with member of the community. Even with all of these events to consider, lightings are only the beginning of the holiday entertainment! Plenty of Holiday Parades, Light Shows, and Theater Performances means that there won't be a shortage of festive activities this December!

All of this holiday fun will take Long Islanders to the end of December, where there will be a number of New Year's Eve events to help ring in 2019. Clearly, there is no time to waste if all of the great events this month are to be enjoyed!
